

HOW TO INVEST WITH FORTHDEX

A clearer path to digital-asset investing.

Choose a plan that matches your capital and risk tolerance, complete onboarding, and review the terms before funding an account. ForthDex describes its approach as risk-managed, with active trading, selective DeFi exposure, long-term holdings, and monthly reporting.

THE INVESTMENT PROCESS

01

Open an account

Visit forthdex.com and create an account with your email. Complete any identity and eligibility checks requested.

02

Compare the plans

Review minimums, duration, fees, withdrawal terms, and risk disclosures. Select a tier only if its terms suit you.

03

Confirm and fund

Read the written agreement and verify payment instructions through an official ForthDex contact before transferring funds.

04

Monitor and review

Use your dashboard and monthly reports to review holdings, performance, fees, liquidity, and portfolio risk.

CHOOSE YOUR PLAN

Plan ranges below reflect the supplied website copy. Confirm all current terms directly with ForthDex before investing.

BASIC**\$300 – \$1,999**

Term: 2 weeks
Entry allocation for first-time digital-asset investors.

STANDARD**\$2,000 – \$14,999**

Term: 3 weeks
Balanced allocation for committed investors.

PREMIUM**\$15,000 – \$29,999**

Term: 4 weeks
Higher allocation tier with dedicated risk oversight.

PLATINUM**\$30,000+**

Term: 4 weeks
Institutional-style tier; confirm mandate and terms.

Return claims require verification. The supplied copy advertises 18%, 30%, 60%, and 80% total ROI over the respective terms. These are unverified advertised figures, not guaranteed profits. Request audited performance records, all fees, withdrawal and loss terms, and the legal basis for any return claims before sending money.

BEFORE YOU TRANSFER FUNDS

- Verify the company, legal status, and any required investment permissions.
- Read the client agreement, fee schedule, custody details, withdrawal rules, and loss provisions.
- Confirm who holds assets and controls private keys.
- Do not treat screenshots, testimonials, or projected returns as proof of performance.

WHAT YOUR REPORT SHOULD SHOW

- Holdings and allocation by asset or strategy.
- Performance over a defined period, net of fees.
- Realized and unrealized gains or losses.
- Liquidity, counterparty, protocol, and concentration risks.
- Material changes to the investment mandate.

READY TO DISCUSS AN ALLOCATION?

Request current plan terms, the client agreement, fee schedule, custody information, and verified performance documentation.
